*Voters Injured At Work is the premier, independent nonprofit advocacy organization for injured workers and our families in California. We are now celebrating our 10<sup>th</sup> anniversary. We have assisted thousands of workers in navigating the workers compensation system, including injury classification and full and timely access to rehabilitation and legal, mental health, chiropractic, and all healthcare services. We build the coalition of professionals and all people who care about humane workers compensation policies. We work to realize the state constitutional promise to "cure and relieve" workers of injury. Join, donate, or get more info at [www.viaw.org](http://www.viaw.org)*
